Dual Enrollment

Dual Enrollment EMT
Counselor's Checklist

The Dual Enrollment EMT Program provides students with the opportunity to learn the unique skills needed to treat medical and trauma related emergencies in the pre-hospital environment. Our Dual Enrollment Program enables a student to graduate high school with the ability to take the National Registry Test for EMTs. By taking and passing the national registry exam, the student will be eligible to apply for a license to practice emergency medicine as an EMT. This opens the door for job opportunities and starts laying a foundation for furthering your health care career. This course is a 10 college credit hour course that includes 48 hours of in field clinical, lab, and classroom instruction. Taking EMT is a great way to find out if a career in health care is for you. The admission requirements are as follows:

Determinants:

- The student must be enrolled at both institutions.
- If the high school transcript states that the student has graduated early or if the high school sends a letter stating the student has graduated, then the student cannot be dual enrolled and must apply as a general student.

Dual-Enrollment Application procedure:

- Complete the **General Admission Application**. (General admission)
- Provide valid form of **Identification** or mail a notarized copy. (General admission)
- Complete **Dual Enrollment Form**. (General admission)
- Send **High School Transcript**. (General admission)
- Complete EMT Program Application – (Health Sciences Admissions)
- Secure payment method.
- Upon acceptance to the EMT program, clear health records with Health Sciences clerk.
- Possess a current American Heart Health Care Provider CPR card
- Register for classes.
