

SUSCC Institutional Scholarships

The institutional scholarship application portal opens December 1 for the upcoming academic year. Meeting the minimum requirements does not guarantee an award. All scholarships listed below have a limited number of awards available. You may apply for more than one type of scholarship; however, if you are offered multiple awards, you may accept only one. Students may receive institutional scholarships for a maximum of two years. Please check both your SUSCC student email and your personal email after submitting your application for interview or audition information, if selected.
