If you have not **claimed your Alabama.edu account**, then you will need to go to <https://password.alabama.edu> and click the **Claim My Account** button.

You will need your A# (employee/student ID) and the claim code that should have been emailed to your personal email address.

Click *“I want to set up a different method”* on the bottom left corner of the window.

[I want to set up a different method](#)

Select “*Phone*” from the dropdown box.

The image shows a screenshot of the Microsoft Authenticator setup interface. At the top, it says "Keep your account secure". Below that, the title "Microsoft Authenticator" is displayed. There is a blue lock icon with a person silhouette inside. The main heading is "Start by getting the app". Below this, there are instructions: "On your phone, install the Microsoft Authenticator app. [Download now](#)" and "After you install the Microsoft Authenticator app on your device, choose 'Next'." There is also a link: "I want to use a different authenticator app". A blue "Next" button is visible on the right. A modal dialog box titled "Choose a different method" is open in the foreground. It asks "Which method would you like to use?" and has a dropdown menu with "Choose a method" selected. The dropdown is open, showing two options: "Authenticator app" and "Phone". A large yellow arrow points from the left towards the "Phone" option in the dropdown.
